GRILLING STATISTICS from NFPA

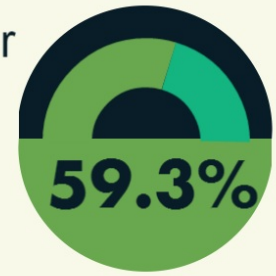
8,800 home fires are started by grills each year, on average

July is the peak month for grill fires, followed by May, June and August

In 2012, **16,900** patients went to the ER because of injuries involving grills, including **7,400** thermal burns

86% of U.S. households own at least one outdoor BBQ, grill or smoker

Gas grills contribute to a higher numbers of fires than charcoal grills.



of households own a gas grill
