SELT Pit
December 8, 2018**

There are no decisions made or votes taken during site walks.

Those attending walked the pit road to the culvert that was installed by the previous owner. Whitehouse said this is the area that he wants restored to the way it was prior to the gravel pit's existence. The walk continued to the pit area where the steep slopes will be reclaimed. Members viewed the area, the gravel pit "floor" and the excavated, sloped area that SELT would like to leave as is for the Blanding's turtle.

The walk concluded at 10:15 am.
